Article : **True® Burlington 25 mm - Honeycomb Fabrics**
Version : **2024-01**

Semi-transparent Honeycell fabric True® Burlington has the same quality as basic cloth Rioja. The fabric has a natural linen print with blended effect. Due to its 25 mm cellular structure and white backing, fabric True® Burlington has excellent insulation and reflection qualities. This makes the material the perfect combination of both functionality and atmosphere. Burlington is available in six timeless, natural colour tones.
